LinkedIn Profile | GitHub Profile

Education

Baruch College, CUNY - Zicklin School of Business — New York, NY
Bachelor of Business Administration (BBA), Computer Information Systems — August 2026

Queensborough Community College, CUNY — Bayside, NY
Associate of Applied Science (AAS), Computer Science — May 2022

Technical Skills

Languages: Python, R, SQL, JavaScript, VBA

Systems & Development: AWS, Git/GitHub, Docker, REST APIs, DBMS, Agile/Scrum, SDLC, Jira, Linux/Bash
Data & Analytics: PostgreSQL, Snowflake, pandas, Power BI, Excel, DAX, Tableau, Data Modeling & Storytelling

Relevant Experience

COMPUTER PROGRAMMING INSTRUCTOR — Manhattan, NY
Whizara — Jan 2025 - May 2025

- Instructed 150+ students across 10 cohorts in Python and JavaScript, emphasizing logic, debugging, and problem solving.
- Developed learning materials and assessments that improved average student performance by 20%.
- Troubleshot student code and software configuration issues, providing direct technical support and debugging assistance.

SOFTWARE ENGINEERING INTERN — Long Island City, NY
Headstarter — Sep 2024 - Jan 2025

- Built serverless APIs using AWS Lambda and DynamoDB, supporting reliable real-time data workflows.
- Contributed 3+ production changes to open-source web applications using React, AWS, and REST APIs.
- Applied Scrum methodologies to conduct iterative testing, document defects, and coordinate across teams.
- Containerized development environments with Docker to improve application consistency across deployment workflows.

DATA ANALYST MENTEE — Manhattan, NY
BNY Mellon — Sep 2022 - Jan 2023

- Selected for a competitive scholarship and mentorship program; presented projects in special collaborative sessions.
- Worked with BNY Mellon mentor & engineer to build and optimize SQL queries, analyzing operational datasets.
- Built interactive Power BI dashboards using DAX and Power Query to track KPIs and communicate insights.
- Performed data reconciliation and quality checks using Python and SQL to identify & fix anomalies.

SOFTWARE ENGINEERING INTERN — Spokane, WA
United States Esports Association — Jun 2021 - Jun 2022

- Developed Python automation tools to streamline Esport tournament data collection and workflows.
- Debugged data anomalies; implemented validation & testing procedures within Agile SDLC, improving data quality.
- Documented analytical findings and translated stakeholder requirements into technical solutions and process improvements.
- Collaborated through Git-based version control & code review sessions to improve reliability within our environment.

Projects

NYC Job Market Analytics: End-to-end BI dashboard | Bank Funding Monitor**:** FDIC pipeline & dashboard to track KPIs
Retail Operations Analytics: End-to-end retail analytics solution | Global Crisis Simulator**:** Supply-chain disruption simulator

Honors & Awards

Coca-Cola Academic Team | All-New York Academic Team | New Century Workforce Pathways | BNY Mellon Scholar

Leadership & Activities

Vice President, *Phi Theta Kappa International Honor Society, Lambda Sigma* — 2021-2026
President, *Coding Club,* Queensborough CC — 2021-2022
Senator, *Student Government Association (SGA),* Queensborough CC — 2021-2022
Member, *Cybersecurity & CIS Club*, Baruch College — 2024-2026
Volunteer, *Lucille A. Bova & Bearcat Food Pantry*, Baruch College & Queensborough CC
2026 Spring Student Expo, Baruch College
2022 Spring Student Symposium. Queensborough CC
